

B205320140 .1 camarc® Almira aus recycelten PET-Flaschen

The ALMIRA drawstring bag with umbrella is made from recycled PET bottles (RPET polyester), which makes a significant contribution to protecting the environment. The bag has drawstrings and handles with a length of 44 cm. This means that the bag can also be used as a shopping bag. At the bottom of the bag is a zippered pocket that holds the included RPET polyester umbrella. The umbrella is manual. The maximum load capacity of the bag is approximately 3 kg.

Diameter: approx. 990 mm, number of pieces per box: 36, box weight: 11.80 kg, box dimensions: 55.5 x 36 x 15.5 cm

Available in black, blue, and gray.
